PROFILE

I am a Freelance Professional Videographer, Camera operator and Multicam Specialist with over ten years delivering high-quality video capture for media organisations, corporate events, conferences, interviews, and podcasts. I have a passion for photography, film, cameras and technology, proficient across a multitude of industry standard audio visual equipment and am able to learn new skills quickly. Experienced in a variety of shoots from solo to multicam, multi operator setups for recorded and live streamed events on-location productions throughout the UK and internationally. I am reliable, self-directed, self motivated and equally comfortable leading a shoot or working within a large broadcast crew.
